JAWAHAR LAL PHOOL CHAND

M/s **Jawahar Lal Phool Chand** was established way back in **1898** at Sadar Bazar, Delhi, India. During the course of its Business the Company has developed an expertise in its own field and has thus become one of the leading manufacturers, exporters, traders and Government approved suppliers of various Textile items. The State of Art manufacturing units of the Company under its group companies :

- **M/s SIMRA INDUSTRIES PVT. LTD. Bhiwadi, Rajasthan, India**
- **M/s JAWAHAR SPINNERS PVT. LTD. Ghaziabad U.P. India**
- **M/s JS FILAMENT (INDIA), Bhiwadi, Rajasthan, India**

has been revamped from time to time to presently run the methodical manufacturing procedures through imported equipments and machinery, from the top & the best manufacturers worldwide. Our USP is regular control and check over our product **QUALITY** and to achieve that we have always ensured the very best of the Raw Materials available in the market; backed up with sophisticated testing equipments by maintaining the required standards. Thus we have emerged as the most vibrant manufacturers of our products in India and abroad. It is because of our consistent and persistent performance over a substantial duration, we have achieved the International **"Gold Star Award"** for Quality by B.I.D. (Spain).

NARROW FABRICS / WEBBINGS

Our product lines are primarily oriented around various types of webbings/ Narrow Woven Fabrics under our registered brands **Jawahar** and **JSPL**, which are manufactured using various types of yarns like Polypropylene, Polyester, Cotton, Silk, Jute, Nylon etc. made from 100% virgin materials to ensure that these are the best in Industry, with respect to its Quality and Standards. We manufacture these webbings/Narrow Fabrics with different weaving patterns and designs with the width ranging from 5 mm to 150 mm. With the help of our most modern machines we can customize any design of webbing as per the requirements of the customer.

POLYPROPYLENE MULTIFILAMENT YARN

We have confidently earned the status of being one of the most renowned manufacturers and exporters of Polypropylene multifilament yarn. We manufacture various types of Multifilament yarn ranging from 150 to 3000 denier, flat or interminged, used for various purposes like Geotextiles, Narrow Woven Fabrics/Webbings, Filter Fabrics, Braided cords and many more.

BRAIDED CORDS

Our product line also includes all types of Braided Cords used for various purposes like Adventure Sports, Bags, lifting etc.. These are manufactured using various types of yarns like Polypropylene, Polyester, Cotton, Silk, Jute, Nylon etc. We manufacture these Braided Cords in different designs with the width ranging from 0.5 mm to 30 mm to suit the requirements of all types of our customers.

COLOURS

We offer a wide range of more than 70 colours for our product range and needless to state that we can customize any colour as per the needs and specifications of the customers.
